For the exclusive use of H-Promise Certified Pre-Owned participants.

Digitally Printed 200 Denier Nylon H-Promise CPO Certified Flags.

All new Hyundai Promise CPO Flags are produced on 200 denier nylon for a rich appearance and longer lasting durability. Chemically treated to resist the sun's ultraviolet radiation that causes the material to fade and then break apart. Our exclusive process ensures a longer lasting more colourful flag. Heavy-weight 200 denier nylon allows the flag to fly in the slightest wind conditions. Designed for use with the Flagmaster, sold separately below.

Item HD3510	3.5' x 10'	\$114.90 ea

(Mounting hardware sold separately below.)

The Flagmaster

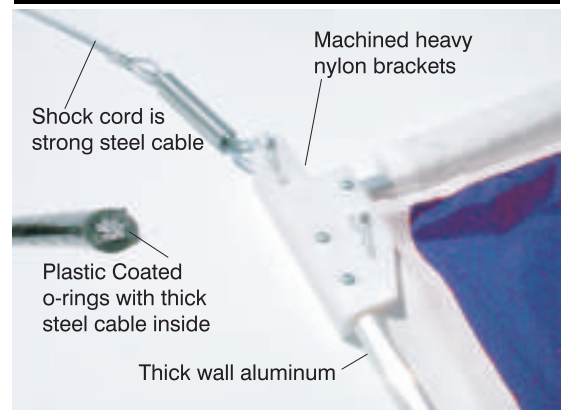

*Holds flag open, even when there is no wind, allows flag to flutter and wave
Attracting attention from greater distances than stationary signs.*

Aluminum and nylon frame holds the flag open even when there is no wind. Turns whichever way that the wind is blowing to deflect wind thereby causing almost no stress on the light standard. Withstands up to 80 k.p.h winds. Fits any pole whether it's round or square and installs easily in minutes. One year warranty.
